M. A. INDUSTRIES, INC.

Quality Products Through Creative Research

LIFT INSERT/LIFT-EYE PIN CERTIFICATION

In order for M.A. Industries to conform to OSHA directives, M.A. Industries' lift inserts are rated 3,500 lbs. each and lift-eye pins are rated at 4,500 lbs. each. Please refer to test reports attached.

OSHA directive 1926.704 (c) states "Lift inserts which are embedded or otherwise attached to precast concrete members, other than tilt-up members, shall be capable of supporting at least four times the maximum intended load applied or transmitted to them."

OSHA directive 1926.704 (c) states "Lift hardware shall be capable of supporting at least five times the maximum intended load applied or transmitted to the lifting hardware."

M.A. Industries certifies that our lift inserts and lift-eye pins meet or exceed these OSHA requirements. The user shall make the decision as to the proper number of lift inserts and lift-eye pins to be used for their lift requirements.
